## CULINARY HINTS FOR SPRING

Springtime—and with it new culinary inspirations—is just around the corner. When appetites need tempting these recipes will tempt them!

**Savory Pudding**  
4 egg yolks, slightly beaten  
3 tablespoons sugar  
1/4 teaspoon salt  
2 1/2 cups milk  
1 package lemon-flavored gelatin  
Lady fingers or strips of cake  
1 cup sliced canned apricots  
1 1/2 cups shredded coconut  
Combine egg yolks, sugar

and milk in top of double boiler. Place over rapidly boiling water and cook until mixture coats spoon, stirring constantly. Remove from boiling water; add gelatin and stir until it is dissolved. Turn part into mold, making one-inch layer, and chill until firm. Chill remaining custard mixture until slightly thickened; then dip lady fingers into part of mixture and line sides of mold. Fill center of mold with alternate layers of apricots, remaining custard, and coconut. Chill until firm. Unmold. Garnish with additional apricot halves and

whipped cream. Serves eight.  
**Daffodil Cake**  
1 cup sifted cake flour  
1 cup egg whites  
1/2 teaspoon salt  
1 teaspoon cream of tartar  
1 1/4 cups sifted sugar  
1/2 teaspoon vanilla  
1/2 teaspoon orange extract  
4 egg yolks, beaten until thick and lemon-colored  
Sift flour once, measure, and sift four times. Beat egg whites and salt with flat wire whisk. When foamy, add cream of tartar, and continue beating until eggs are stiff enough to hold up in peaks, but not dry. Fold in sugar carefully, two tablespoons at a time, until all is

used. Sift a small amount of flour over mixture and fold in carefully, continue until all is used. Divide batter in two parts. To one, fold in vanilla. To other, fold in orange extract and egg yolks beaten, with two additional tablespoons sugar. Put mixtures by tablespoons into large ungreased angel food pan, alternating yellow and white. (Pan should be only half full.) Bake in slow oven (275° F.) after 30 minutes increase heat slightly to 325° F. and bake 50 minutes longer. Invert on rack until cake is cold.

"Surely God will not hear vanity, neither will the Almighty regard it." These words from the book of Job are the Golden Text in the Lesson-Sermon on "Unreality" on Sunday in all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The Lesson-Sermon includes these Scriptural verses from the Proverbs: "Happy is the man that findeth wisdom, and the man that getteth understanding. . . . My son, let not them depart from thine eyes: Keep sound wisdom and discretion: Then shalt thou walk in thy way safely, and thy foot shall not stumble. When thou liest down, thou shalt not be afraid: yea, thou shalt lie down, and thy sleep shall be sweet. Be not afraid of sudden fear, neither of the desolation of the wicked, when it cometh. For the Lord shall be thy confidence, and shall keep thy foot from being taken."

A correlative passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Christian scientific practice begins with Christ's keynote of harmony, 'Be not afraid!'"
